PRETTY GIRL RUNAWAY

Evangeline Marschalck

Evangeline Marschalck (Evangeline Vanentine will be her name in film) has a heap of courage, wealthy parents in New York, a pair of blue eyes and movie ambitions. Evangeline, being pretty and seven teen, and having dramatic ability received offers from several film companies and finally signed a contract with a Los Angeles movie concern. Her parents objected, so Evangeline started out for the coast

alone. She got as far as Syracuse, when, worried about her mother, she wired home her plans. Her mother immediately wired her to wait in Chicago. Mrs. Marschalck met her daughter in Chicago, and according to reports from there, has decided to accompany Evangeline to Los Angeles, where she will embark on her movie career. The Marschalcks originally lived in Milwaukee, moving to New York in 1917. Mr. Marschalck is a prominent steel broker.

STAR-GAZER IS SEEIN' THINGS FOR YEAR 1926

Declares Turkey Will be Overthrown and World War to Come Again

Declares He Predicted Previous Tragedy

(By Associated Press)
London, April 16.—There will be another world war beginning in June, 1926, according to a writer in the British Journal of Astrology. This prophet, who signs himself "Zepharia," asks for a serious hearing inasmuch as he claims to have published a year in advance the exact date of the war of 1914 and of the ending of hostilities. According to him the first phase of the next war will begin with Turkey whose perfidy will lead to its final overthrow in 1921 or 1922 with the great crisis coming about four years later.

SAYS FRENCH ARE FULLY SATISFIED WITH PRESIDENT

Paris Newspapers Declare Negotiations Finished

France and America Were Never Closer Together

(By Associated Press)
Paris, April 16.—The negotiations between the representatives of the allied and associated governments virtually were completed Tuesday, Paris papers say. They add that at no time has the understanding between the United States and France been closer than now and that the French government is completely satisfied with the attitude of President Wilson.

BRITISH PREMIER DECLARES MILITARY INTERVENTION TO STOP BOLSHEVISM WOULD BE ACT OF GREAT STUPIDITY

Insists That Bolshevism is Breaking Down Before Relentless Force of Economic Facts

ALLIES REACH COMPLETE UNDERSTANDING

Premier Says Demands Will be Presented Next Week. Insists U. S. and Europe in Accord

LONDON, APRIL 16.—(Associated Press)—"The allied representatives in Paris have arrived at a complete understanding on the great fundamental questions that would effect peace with Germany," Premier Lloyd George declared in addressing the House of Commons today.

The Premier said that the allies had formulated their demands and he hoped by the end of next week they would be presented.

"It is not true that the United States and Europe have been at variance," he declared. He deprecated attempts to sow dissensions among the delegates.

He said it was his conviction that military intervention in Russia would be the greatest act of stupidity.

He insisted reliable information showed that while the Bolshevik force was growing Bolshevism itself was gradually weakening—breaking down before the relentless force of economic facts.

Much as the British government deplores conditions in Russia, he said, it is not its duty to commit England to a gigantic enterprise in order to improve conditions in Russia.

"Russia is a country very easy to invade and very difficult to get out of," he said. "There was no question," he continued, "of recognizing Russia. It had never been proposed to the conference."

Questions have cropped up at the peace conference which imperiled the peace of Europe, he stated, but he believes the conference has surmounted those difficulties. Questions never heard of before the war had nearly produced a conflict between two of the allied states, he continued, and there were a number of such questions.

ALLIES AGREE ON RUSSIAN POLICY

PARIS, APRIL 16.—(Associated Press)—It is understood that a policy concerning the manner of dealing with conditions in Russia has been formulated by the allied and associated governments. Announcement of this policy, it was thought, probably would be made today.

BRITISH PREMIER SAYS SITUATION FULL OF PERILS

(By Associated Press)
London, April 16.—Replying in the House of Commons today to previous criticisms of his activities at the peace conference Premier Lloyd George said the situation was "full of perils for all countries." He pleaded "that those who were trying to do their best be let alone."

No conference in history, he said, has been faced with problems of such variety, complexity, magnitude and gravity. The congress of Vienna which was the nearest approach to it, took 14 months for its work, but that congress, he pointed out, sank into insignificance when compared to what had been settled by the present conference.

After referring to the world-wide extent of the war, he said, new states had sprung into existence, some of them independent, some semi-independent and some that might be protectorates and that while their exact boundaries might not be defined, some indication of them must be given.

The time spent by the conference in framing the League of Nations plan saved time instead of wasting it, Mr.

Lloyd George declared, as the league would provide means of adjustment of possible errors.

"I would rather leave Russia Bolshevik until they see their way out of it than see Great Britain landed in bankruptcy," was one of the Premier's declarations.

GERMANS BITTER TOWARD FRANCE, MAKING THREATS

Indicated Terms of the Treaty Denounced by the Hun Press

New and Greater Armaments Are Predicted

(By Associated Press)
Berlin, April 16.—Semi-official announcement of the conditions to be laid down in the peace treaty are denounced by the German press.

Prince Lichnowsky in an article declares France "forgets that instead of leading to disarmament an unjustly extorted peace will bring only fresh armaments throwing into the shade all former armaments because a mailed fist peace can be maintained only by the mailed fist."

No German government can accept such terms, other newspapers are quoted as saying.

NO LATE NEWS FROM BAVARIA

(By Associated Press)
Paris, April 16.—Direct news from Bavaria still is lacking in peace conference circles, the over night development caused less confidence that the Government Sources would be able to control the situation.

An American commission with a force of clerks will leave Paris tonight for Berlin for the purpose of keeping the conference informed of events.

World Will Not Know Exact Demands Until After Teutons Hear Them

COUNCIL OF FOUR IS ACTIVE

Schleswig-Holstein Problem Nears Solution

Detachment of Poles on Way Through Germany

(By Associated Press)
Details of the procedure to be observed at the historic meeting of allied and German representatives at Versailles a week from Friday are being worked out by the allied delegates. It is improbable that the world will know the exact demands until after the Teutons have been formally apprised of the price of peace.

It seems that not only all the allied governments, but the governments of those countries which severed relations with Germany will be informed as to the details of the proposed treaty. For this purpose it is probable a secret plenary session of the peace conference will be held before April 25th.

All England was awaiting with intense interest the address of Lloyd George in the House of Commons today. The Premier has been under fire for some time.

The council of four is at present devoting itself to efforts to settle the controversy between Italy and Yugoslavia.

It also is declared in a semi-official dispatch that the Schleswig-Holstein problem in which Denmark and Germany are at odds, has been adjusted by arranging a referendum to the people of the province.

Violent fighting has occurred at Munich, the Soviets seeming to have won at least a temporary victory. It is probable, however, that the battle will be resumed. Anarchy is said to reign in the city. Government troops also have been engaged in serious encounters at Magdeburg where radical elements which have been in control are reported to have been defeated. Labor troubles are still prevalent throughout west Germany.

Czech forces are reported in dispatches from Warsaw to have crossed the line of demarcation fixed by the allied mission in Silesia where the Czechs and Poles claim territory. A clash along the Polish frontier is said to have resulted in casualties.

Meanwhile the first detachment of Poles has started from France on its way across Germany to Poland in accordance with the recent agreement with Germany.

NAVY TO OPERATE HARBOR CRAFT

(By Associated Press)
Washington, April 16.—Transports will be operated in and out of New York harbor "if it requires the entire United States Navy" it was stated officially today in connection with plans of harbor workers to start a strike tomorrow with announced intention of tying up traffic completely.

PAY FINAL TRIBUTE TO BELOVED WOMAN

The funeral services of Mrs. Margaret Griffin, aged 77 years, wife of Mr. N. R. Griffin, of Millwood, were held at the First Baptist Church, Washington C. H., Tuesday afternoon April 15. The services were conducted by Rev. Leo Brown, pastor of Greenfield Baptist Church. A large number of relatives and friends were present. The floral pieces were beautiful.

The pallbearers were Noah Baughn, Milton Coll, Robert McCord, Thos. H. Craig, Fred Clemmens and Floyd Elliott.

In his discourse Rev. Brown spoke of the beautiful Christian life of the deceased and referred to the rich legacy she has left behind in her two sons, both of whom are devoting their lives to the Christian ministry. Rev. C. E. Griffin, being pastor of the First Baptist Church, Boise, Idaho, and the other, Rev. Frank L. Griffin, being pastor of the Kendall Baptist Church, Washington, D. C., both having met with marked success in their ministerial work. They were both present at the funeral. Rev. C. E. Griffin, in a few words to the audience, thanked those who had in various ways ministered to the wants and comforts of their mother during her last illness and referred to the sadness of the home without her.

In a crypt of the mausoleum in the Washington cemetery the remains were laid to rest. A farewell poem to mother was read by Rev. Frank L. Griffin and the final services closed with a prayer by Rev. Brown.

Those who know of the faithfulness of the devoted companion of the one who was yesterday laid to rest can but say that all that could be done to comfort the deceased in her declining days was willingly and faithfully performed by Mr. Griffin, for whom in his bereavement there is a feeling of deepest sympathy.

Those from out of town attending the funeral in addition to the two sons were Dr. F. B. Hess, Mrs. Emily Hess, Mrs. Nellie Kline, Mr. Emmett Hanna of Uniontown, Pa., Mrs. Anna Emory of Smithfield, Pa., and Mr. Ira Ross of Washington, Pa.

FORMER FIREMAN IS LAID TO REST

The White home on West Paint street was filled with relatives and friends Tuesday evening to pay a farewell tribute to Mr. Emory White, Rev. Arthur P. Cherrington held short services, read the memoir and offered prayer. The Odd Fellows closed the services with their beautiful ritual service.

Miss Daisy Cockerill and Miss Lulu Larrimer sang effectively the hymns "Going Down the Valley" and "Jesus Lover of My Soul."

Many beautiful floral designs surrounded the casket. Messrs. J. A. Edge, J. E. Adams, John Michael, J. A. Thompson, A. C. Patton and G. C. Kidner, lodge brothers, acted as pallbearers.

The widow and Mr. Joseph Junkins accompanied the body Wednesday morning to Mt. Oreb, where interment will be made.

REPORTERS VERY POPULAR PEOPLE AT PEACE MEET

Invitations to Social Functions
Fall in Showers on Newspaper Men

Paris, March 17.—(Correspondence of the Associated Press)—Newspaper correspondents accredited to the Peace Conference are more popular than beautiful millionaire debutantes in their first season.

Queens, counts, princes, lords, ladies, ambassadors, ministers, premiers, presidents, would-be presidents, peace delegates and plain citizens who are unique in being mere messieurs shower the correspondents with invitations to teas, dinners, dinners and occasionally to audiences which have no social disguise.

American correspondents are in special demand. Everybody wants America's ear. Three social secretaries and a squad of motor dispatchers would be required to avoid social errors and land a correspondent promptly at all the functions to which he is invited. And he would have no time for anything so prosaic as the plenary sessions of the Peace Conference.

Everything from Belshazzar to the Bolshevik is discussed at these social functions. Correspondents are whisked from New Guinea to Nova Zembla without warning. Ptolemy and Pompey are resurrected and discussed at such length that one might suspect they narrowly missed being selected as delegates to the Paris conference.

Ancient Greece and Rome no longer seem ancient. Philip of Macedon suddenly becomes modern. Persian poets sing of their country's proper boundaries with all the charm of Omar Khayyam. The Old Testament is introduced as a modern bit of literature designed to establish certain territorial claims.

Countries and peoples are discovered at these conferences which American schoolgeographers apparently hadn't heard of; and even the geographical specialists employed by the various missions to the Paris conference are mystified.

It's a rare occasion when a delegation descends to a period as modern as that of Charlemagne or Pepin the Great in making claims for the right of self-determination.

166TH TO PARADE IN COLUMBUS

(By Associated Press)
Washington, April 16.—The war department has decided that Columbus shall be host to the One Hundred and Sixty-sixth Infantry the only Ohio unit in the famous Rainbow Division, when it returns from overseas.

There will be only one parade of this regiment, and Columbus will get it. Dayton put in a strenuous plea. The argument of the Dayton boosters was that Columbus has had a lion's share of parades.

Most of its companies were recruited at places within an easy radius of Columbus, but not within convenient distance of Dayton. It was believed that relatives and friends of the boys from these places could go to Columbus to witness the parade much more conveniently than to Dayton.

In as much as Columbus is the only place where this famous regiment of a famous division will parade, it is suggested here that it would be appropriate to make the parade a state occasion and invite people from all over Ohio to attend.

The Armada Home

On Monday the greater part of America's Victory Armada, comprising one hundred and three war craft, destroyers, superdreadnaughts and other war craft—as the correspondents describe it, the “teeth” of the American navy—steamed proudly in from the sea and came to anchor in the North river in order to give the sailors a vacation.

Scarcely had the great armada come to anchor when many of the thirty thousand men aboard began to scamper over the sides, drop into the small boats and hasten ashore to lose their sea legs for awhile and have a glimpse of home and a relaxation from the discipline and strain of months of training and campaigning.

It was a happy thirty thousand fighting men who rode with the gallant ships to anchor while other happy and anxious thousands lined the shores as the armada came into home port from “out yonder” from behind the mists and clouds which meet the sea line at the horizon.

Their duty done, the victory won, these men have richly earned a rest in the happy home land while the great ships, bearing some scars, are being overhauled and put into shape again for service.

The work of the American navy has added another bright chapter of achievement to the nation's proud record and with the returning army will be given its full share of public acclaim.

What a difference was presented when those gallant ships came to anchor and the brave crews made their get-away for land and that when the disgraced, dishonored and cowardly Hun navy steamed out of its safety zone to surrender abjectly and unconditionally to the allied fleets in the North Sea.

The one a glorious record increased by added honors, the other a cowardly record ending in ignominy and disgrace.

Protective Tariff Again

Notwithstanding the herculean efforts of politicians to keep alive the protective tariff issue, that old standby has been growing more feeble for the last fifteen years. The majority of Americans have realized for some years past that our infant industries, which in the earlier days of our existence needed to be protected from foreign competition, had grown, with a few exceptions, into healthy adults abundantly able to take care of themselves in any competition.

But the protective tariff was such good “campaign thunder” both for those favoring it and those opposing it that it has been kept alive.

Then came the war and the cutting off of all imports and the last excuse for keeping alive the tariff issue vanished. Other and bigger issues have taken its place among even the politicians.

There is every indication, however, with the establishment of peace and the resumption of import trade that we will discover that a number of infant industries have been created by war's necessities which will need the protection of a tariff.

No Room Here

Reports from Geneva announce that the former Prince Joachim of the Hohenzollern family hopes to emigrate to America after peace is finally signed.

At the present time Joachim, like the rest of the Hohenzollern family is out of a job and casting about for a place to light. He and his family for generations back have been making Germany according to their “ideals.” Present conditions are the result of their labors and their “kultur” and most Americans are firmly convinced that they should all stay on the job at least until they are summoned to the bar of justice to answer for their crimes.

The present generation of Hohenzollerns and the war lords can't be reformed, they can't adapt themselves to any conditions save the ones they have created. Possibly after the members of the family have worked for several generations, they may begin to get an idea of human rights, common honesty and decency, but not this bunch.

America has no room for the Hohenzollerns nor any of their kind. They are right where they belong. Let them stay and work out their own destiny.

It is typical of the Hun, however, after he has made a failure of his own work to reach out to appropriate the work of other people.

The emigration bars in America must be high and strong for some time to come and above all we want a barbed wire to keep out the individuals primarily responsible for the world war.

POETRY FOR TODAY

THE MATTER OF JOBS

I isn't the job that you want to take
So much as the job you can get.
And the meanest job in the world you
can make
The biggest the world's held yet.
For it isn't the job but the man that
counts.
And the man makes the job he fills
A poor little job or a job that mounts
Till it outtops them all on the hills.

Any old job is a fine old job
As long as the man who takes it
Is made of the stuff that can trans-
mute jobs
Into the wonderful thing he makes
it;
And it isn't to wait and to sneer
and sulk,
But to grasp what comes, and
then,
Sail in to it, turning it into luck—
No, it isn't the jobs, it's the men.

The tiniest job in the world grows
fine
When the spirit is fine that holds
it;

And day by day it puts on a shine,
And a glory of growth enfolds it;
If it's only a bootblack, still there's
a chance.

As your dreams and your hopes
are unfurled,
To turn yourself as the days ad-
vance,

To the best bootblack in the world.

MUNICH AGAIN DOMINATED BY COMMUNISTS

Government Troops Said to Have Suffered a Severe Defeat in Clash

Berlin, April 16.—Munich again is completely in the hands of the Communists, according to the Tageblatt, but troops loyal to the government have received reinforcements and are using artillery against the Communists stronghold in the central railway station, but are said to have been defeated.

Street fighting in the Bavarian capital is increasing. Many civilians have been killed or wounded.

Reinforcements for the loyal troops are being hurried to Munich from various parts of Bavaria.

The Communist forces in Munich, the newspaper adds, consists of parts of the garrison, Red Guards and unemployed. The government forces, are declared to be having a hard battle with them.

The government has declined to enforce a food blockade against Munich owing to the distress it would cause in the city.

In attempting to disperse a crowd of demonstrators in Isarhorn, Westphalia, yesterday, the civilian guards threw bombs. Eight persons were injured and taken to hospitals and many windows were smashed.

Disturbances in the Duchy of Brunswick continue. Bloodshed has been avoided in the town of Brunswick, but several persons have been killed or wounded in fighting at Holmstedt, Schoeningen and Boersun between sailors and workers. Citizens supported the government troops. Holmstedt, which, since the release of the minister of national defense and justice from prison, had been held by the Brunswick National Guard, was captured today by Jaeger troops.

News of Interest to Women

Mrs. Frank M. Fullerton entertained the Chionians of the First Presbyterian Church, Tuesday afternoon with Mrs. John Zollinger of Piqua a most welcome out of town guest.

Several little playlets from Barrie were head, and the remainder of the afternoon was spent in pleasurable tempting refreshments.

Tuesday afternoon a number of the Pythian Sisters met at the Hall and worked on knitting comforts for Devastated France. Two comforts were completed.

At six o'clock supper was served to about twenty-five members.

Later in the evening the regular weekly meeting of the order was held.

One way in which some communities are honoring their returning soldiers is with the "Welcome Home Sing," different features that may be employed in which the following article interestingly outlines:

"A 'Welcome Home Sing' is a get-together of the community to welcome home the returned soldiers. Not with speeches, where one man talks and the rest let their thoughts wander over various subjects, but in song, where all present sing the same thing at the same time and think the same words. There is nothing like music to break the ice.

The songs that are sung are the old songs, "Old Black Joe" is a favorite; the sentimental songs of the war, "The Long, Long Trail" is a good type; some of the sacred songs, some of the noisy songs.

The War Camp Community Service has issued song leaflets for general distribution, containing art words of songs specially adapted for "welcome home sings." Send to the headquarters of this service, at Des Moines, and they will be mailed in any number, we are told by Mr. Tolbert MacRae, who is at the head of this service.

In some communities the friends of returned soldiers are getting together in serenading parties, to welcome the returned soldiers. Mr. MacRae's advice is to alternate something snappy with something sentimental, to get enough "punch" into the music to brighten the audience, to assume that everyone wants to sing, and thus get every one to singing. If the group is small, gather them about the piano, if the group is large, pit one side against the other, to bring out the force of competition. Get the men to singing against

the women, the men to whistle while the women sing, the children to sing against the grown-ups.

The war was won by a singing army—a singing community should greet the home-coming soldier.

Women's Industrial Service Centers are being established by the Young Women's Christian Association in ten of the larger cities of the United States in order to demonstrate the best way of meeting the needs of the woman who earns her own living, particularly when her work takes her into a strange city.

Such centers have been started in Richmond, Va., and in New Orleans. Other will be opened soon in Cincinnati, Minneapolis, Kansas City, according to Miss Gertrude Murrell, who leaves New York shortly to establish work in the last two cities. The five other cities which are to have these "industrial demonstration centers" are yet to be determined upon.

The plan, according to Miss Murrell, is to secure a building in the heart of the industrial district of the city where a club, on the order of the Industrial War Service Centers, started by the Y. W. C. A. in factories during wartime, will be opened.

The house is to be in a section where the girl is and where she needs it. There will be no set program of work. If the girls who go to the club want educational classes, such work will be started on their request. If they do not, they can use the center just for recreation and for good times. If a cafeteria is needed one will be started. The center is to provide what ever the girls themselves in each community want.

This year's Senior Class has chosen for their class play "Standing By," a four act patriotic production with an interesting love affair running through it. The setting is in the spring of 1919 and shows some interesting developments concerning the returning soldier.

Mrs. Kennedy and Miss Dow, local High School teachers, are directing the play.

The cast of characters is as follows:

Mr. Carey, a soldier's friend. William Henry Edwards
Ethelind, doing her father's will. Jocelyn Bowen
Mrs. Carey, with a different view. Mary Ellen Briggs
Max Martin, Mrs. Carey's choice. Naylor Cooke
Dr. Brighton, a friend of the family. Robert Reardon
Mrs. Oakley, a friend of the orphans. Cleo Besch
Mrs. Walton, a mother of a soldier. Lorie King
Bobby Walton, a follower of the flag. Robert Harper
Aunt Polly, black face and tender heart. Marie Robison
Henry, "wid de expulsion forces." Willis Willis
Rosa Walton, of the Great Red Cross. Dorothy Dill
Time to play—two hours.
The date for the play has been set for Friday evening, April twenty-fifth.

"To think of Premier Clemenceau as a teacher at a girls' academy, and in America, and then marrying one of his fair pupils, all sounds very strange. Yet that is exactly what the present French premier did in the United States, in 1869, when he taught literary history and in English, too, in a young ladies' academy at Stamford, Connecticut. He spent four years here, from 1865 to 1869, and during that time was also a newspaper correspondent, acting as the "New York man" for the Parisian paper "Le Temps," for which he wrote regularly. He browsed much in the Astor Library, in New York, and there is still a souvenir there of the premier's American sojourn in

the shape of an inscribed medical book written by him—for he studied medicine, too, once upon a time—with the following inscription: "Presented to the Astor Library by the author, G. Clemenceau, New York, October 12, 1867."—Ladies Home Journal.

The Mothers Circle met with Mrs. A. D. Woodmansee on Monday afternoon. After all business had been transacted the following programme was greatly enjoyed. Mrs. Troy Junk gave a paper on the "Four Circles into Which Human Relationship is Divided," and "The Boy and the Girl as Social Beings."

The pupils of the Chemistry and Physics Classes of the Washington High School entertained with an in door picnic, Tuesday evening, in the High School Gymnasium in honor of their teacher Mrs. John H. Watson (nee Idella Gunn) whose marriage to Mr. Watson was recently announced.

The affair was very informal. The young people with the High School teachers as guests were seated in picnic fashion and enjoyed a bountiful spread.

The honor guest who was presented with a number of beautiful gifts, both by the classes and individuals, expressed her appreciation in a gracious manner, warmly praising the splendid spirit of the school, and her pleasure in being associated with the school the past year.

Mrs. Watson, who has resigned her position as Science instructor left Wednesday morning for Springfield, in company with Mr. Watson, who joined her Tuesday. Later in the week they expect to leave for their future home near Saginaw, Michigan.

SENT SPY TO PRISON

Mrs. James W. Gerard

Henry Bode, whose checkered career has led him through service under four flags and in many lands, is a prisoner at Fort Jay, Governor's Island, serving a ten year sentence at hard labor, having been convicted of deserting the military forces of the United States and entering the services of Germany, first as a soldier, and later as a spy. So far as known, Bode is the only American soldier found guilty on such charges. Mrs. James W. Gerard, wife of the former American Ambassador to Germany, was one of the chief witnesses against Bode. Mrs. Gerard remembered that Bode called once at the American Embassy in Berlin attired in the garb of a German soldier, and wearing the Iron Cross, won by his gallantry in action. Bode deserted the American forces to fight for his Fatherland. Later he returned to this country, and, entering Mexico, sought to embroil the southern republic in war with the United States. It was discovered that he was commissioned to destroy the oil wells at Tampico.

Mr. Moore spent some time in the military service during the war. He enlisted and was sent to Cleveland where he was engaged in the government chemical laboratories at that place.

The new instructor comes with a brilliant record of achievements in the scientific lines.

HOME SERVICE BRANCH OF RED CROSS IN ACTION

The war may be over, but the Red Cross Home Service Department continues about the busiest place in town and its chairman, Miss Mary Robinson, one of the busiest of women.

"The Home Service Department must be the house by the side of the road" for the boys coming home from overseas," says Miss Robinson, and she is certainly doing all that one woman can do to make it so and putting into her work not alone those things required in her office, but a warm personal interest and sympathy that, together with her charming, cordial manner and keen sense of hu-

mor, make the corner Red Cross room a real first aid station.

Her genuine interest is as much as her untiring energy the secret of Miss Robinson's great success in Home Service work, beginning when she took charge of the department immediately at the end of her six weeks' training course at the Ohio State university. The weeks since the signing of the armistice have been crowded full. The boys coming home must not only be given their sixty dollar bonus; those disabled and discouraged must be cheered and helped, made to feel that there is still permanent and necessary place for them in the world—must be made to believe that their creed will come true—the creed of the disabled soldier: "Once more to be useful—to see pity in the eyes of my friends replaced with commendation—to work, produce, provide and to feel that I have a place in the world—seeking no favors and given none—a man among men in spite of this physical handicap."

Miss Robinson is doing a splendid part in lining up disabled soldiers for vocational training so that they may go back into the civilian army better fitted for earning a living than before they enlisted.

The Red Cross Home Service Department has sent out posters all over the county asking that all discharged soldiers, sailors and marines register at once so that the exact condition of each soldier may be known and those who have been wounded or in any way disabled may be given all necessary attention. The United States agrees with its President that "this nation has no more solemn obligation than healing the hurts of our wounded and restoring our disabled men to civil life and opportunity."

The medical divisions of the war and navy departments are rendering all aid that skill and science make possible; the Federal Board for Vocational Education is commanded by law to develop and adapt the remaining capabilities of each man so that he may again take his place in the ranks of our great civilian army. It is not a charity. It is merely the payment of a draft of honor which the United States of America accepted when it selected these men and took them in their health and strength to fight the battles of the nation.

The government stands squarely back of its disabled men.

The re-educating, retraining and replacing in civilian industry the great numbers of disabled men has become a much bigger task than was anticipated at the time of the signing of the armistice. Many new and difficult problems are being met by experts of the Federal Board of Vocational Education, which has full jurisdiction in this work.

The tactful, intelligent help of women is playing a big part in the reconstruction problem and Miss Robinson is doing everything in her power to insure disabled Fayette county soldiers the opportunity of taking up whatever branch of American industry is desired.

Re-education Not Charity. The Red Cross is asking that returning soldiers are not pauperized. The Government has provided vocational training to prevent turning out soldiers hopelessly disabled. This training is waiting for them—is theirs for the asking.

Herbert Kaufman says: "Our streets shan't ring with the whine for aims—the hat holders and cup bearers already there reproach enlightenment. We should have helped them to their feet long ago. The remarkable achievements of retinkered European soldiers indicate that the only hopeless cripple is a deliberate shirker."

So the Red Cross Home Service asks that soldiers from other counties asking assistance be sent back to the Red Cross of their own county. Fayette county Red Cross is taking care of her own soldiers; others wish to do the same.

It's better in every way that maimed soldiers be cared for through the government provision which will make them permanently self-supporting than that they be pauperized by the gifts of charity.

The Fayette county Home Service Department expects soon to take care of extra travel fares and refund the soldiers.

DRESS UP WEEK

Argue as you please, the men like to parade in their new spring togs just as well as the women. And, for goodness sake, man, you surely want your linens—meaning your shirts and collars—looking their best. You don't need to buy new ones for the new suit, if we launder them, and you will need new ones less often if we launder them all the time.

CAPT. HARDWAY IS PROMOTED AND IS NOW A MAJOR

Former Commander of M Company is Commissioned Major on March 15th.

Believed To Be On Way Home With Rainbow Division.

Definite word has been received from over seas that Captain O. E. Hardway, formerly of Company M, has been commissioned a Major, and indications are that he is now on his way home with the Rainbow Division.

The promotion of Capt. Hardway comes as a recognition of his exceptional services during his 18 months stay overseas, he having won the French War Cross for gallantry in action, in addition to other honors before being relieved of command of his company on account of illness.

For months Major Hardway has been in command of a camp where some 700 German prisoners were quartered, but recently is understood to have been reassigned to the army of occupation and it is believed that he is returning with the division of which he was a member when he left Ohio nearly two years ago.

Major Hardway's host of friends will be greatly pleased to hear of his promotion, which came on his birthday, March 15th.

MANY ATTENDING CHURCH OF CHRIST MEETING SERIES

A splendid audience was present at the Church of Christ last night in spite of the rain which fell at the time of assembling. One of the best meetings in the series of special services, now being held, was recorded. G. B. Dunning the song leader was present and did effective work in leading the music, being loyally supported both by the regular choir and the "sunshine girls." He favored the audience with a beautiful violin solo and sang effectively, "There Will Be No Tears in Paradise." The subject of the sermon was, "Sitting at the Feet of the World's Greatest Teacher." Mr. Groves sketched the many incidents in the last day of the Savior's public teaching, and grouped these discourses under three heads; the authority of Jesus, preparation for the future, and life's great reckoning time. At the close of the sermon three responded to the invitation.

The subject announced for this evening is "Sunshine and Shadows."

FRENCH FLIER ON TRIP TO CROSS OCEAN

Map showing the route of flight which Lieutenant Jean Pierre Fontan, French aviator, began recently in his second attempt to cross the South Atlantic in a trip from near Paris to Rio de Janeiro, Brazil. He intends to complete the flight in five stages as indicated by the arrows. On March 16 Lieutenant Fontan started over the same route, but was forced to land after two hours by a cracked cylinder. If Lieutenant Fontan carries out his schedule he will fly about 5,500 miles in five stages, ending his voyage at Rio de Janeiro, Brazil. Of this distance 1,850 miles lie over the Atlantic Ocean. The 5 legs of Fontan's flight are: From Villa Coublay to Casablanca, on the Moroccan coast, 1,200 miles; Casablanca to Dakar, Africa, 1,400 miles; Dakar to St. Paul Rocks, in the South Atlantic, 1,100 miles; St. Paul Rocks to Pernambuco, 750 miles; Pernambuco to Rio, 1,100 miles.

(By Associated Press)

ALLIED TROOPS WILL HOLD LEFT BANK OF RHINE

Occupation for Period of 15 Years is Agreed Upon

(By Associated Press)

Paris, April 16.—The council of four has made definite decision that military occupation of the left bank of the Rhine shall continue 15 years.

The newspapers say interallied forces would be used but that they would be withdrawn progressively in proportion as Germany meets her final obligations and will be replaced by French and British soldiers.

WOMEN ASK FOR EQUAL RIGHTS IN PORTO RICO

Suffragists Do Not Favor Bill Just Introduced But Do Ask Right to Cast Ballot

San Juan, Porto Rico, April 2.—(Correspondence of the Associated Press)—That women in Porto Rico should share all rights granted to men under the existing laws, is the proposal of an act introduced into the House of Representatives by Representative Gonzalez Mena. The Woman's League of Porto Rico

with over 2,500 members throughout the island, and which is working to obtain the vote for women, is not in favor of the bill as it is considered too sweeping in its terms. The league fears that if the vote is given to ignorant and illiterate women throughout the island it will mean only more votes to be controlled by the politicians.

It wants votes only for women who can read and write, more for educational and patriotic reasons than for political purposes and the women expect to use their influence and power in social, charitable, moral and intellectual ways.

Under the control of the Woman's League of Porto Rico the woman's suffrage movement in the island has made a considerable advance considering that it has been in progress only two years. For many years Porto Rico has held the usual Latin-American idea of woman's place in life.

Bills providing for woman's suffrage were introduced last year in the legislature but failed to pass, while not very strong hopes are entertained of the bill recently introduced, which in any case is thought by the league to be too far reaching. Members of the league, however, say they are not discouraged and will continue their work until the women of Porto Rico who can read and write are given the vote to be used for the moral and social benefit of the island.

600 PURE BREDS REACH BELGIUM

London, March 17.—(Correspondence of the Associated Press)—Six hundred shorthorn cattle of the very best breed have been presented by the Royal Agricultural Society of Great Britain to the people of Belgium, and 300 of them have already reached farms in the vicinity of Bruges. The remainder will follow in a few weeks.

The cattle, which are valued at \$200,000, will be supplemented in the near future with additional gifts, after which more cattle are to be sent to Serbia and France to take the places of the live stock killed or carried away by the German invaders. Money for the gifts is being collected in all the English cattle raising countries, and leaders of the movement expect the fund to reach \$1,250,000 within the next few months.

AMERICANS WORK TO SAVE BABIES ALL OVER FRANCE

250,000 French Children Have Benefitted by Red Cross Work To-Date

Knowledge of Child Welfare Being Spread

Paris, March 19.—(Correspondence of the Associated Press).—"Save the babies" is the message that has been taken into the remote towns and villages of thirteen departments of France by the Children's Bureau of the American Red Cross.

France is considered second to none in scientific knowledge of infant welfare; but hitherto that knowledge has been largely confined to her medical schools, her hospitals, and to the minds of her child specialists. It needed to be taken right into the homes, if France was to save her coming generation.

To combat ignorance of the principles of child hygiene on the part of French mothers, to popularize fresh air and clean teeth, to preach the truth that tuberculosis is preventable; to encourage breast feeding and sensible clothing for infants, was the task which the American Red Cross, seventeen months ago, set itself to perform.

The result is, as the Bureau statistics show, that 250,000 French children have directly benefited by the efforts of this section of the American Red Cross.

It organized four great expositions in four of the busiest cities of France: Lyons, Marseilles, St. Etienne and Toulouse. Three hundred thousand persons went through the turnstiles of these shows, and they took home every piece of the child welfare literature that they could obtain.

Traveling expositions next went into thirteen French departments. They gave simple lectures and demonstrations with a life-size baby doll in the town hall or the market place, and with the aid of their own cinema and a supply of picture cards and colored posters, told the mothers how the health and welfare of their offspring might be promoted. Nearly two million pieces of child welfare propaganda were thus distributed, with the gratifying result that in many instances mothers returned to the show to tell that they had benefited by this or that piece of advice given by "les Americains."

Finally, the Bureau has trained young Frenchwomen as social visitors and sent forty-eight of them out among their own people. In Lyons, Marseilles, Corbeil, Blois, St. Etienne and Paris they are doing intelligent and constructive social work being at the home itself where they are endeavoring to instill modern methods of child hygiene and the prevention of disease.

BRITISH FARM LABOR ADVANCE

London, April 10.—(By Associated Press)—The average wage of the ordinary farm laborer in this country advanced during the war from \$3.50 a week to about \$6.75 a week.

Evidence of the awakening of the farm laborer to his own value and his willingness to organize has been discovered by the Board of Agriculture which has investigated the pay of the farm workers. Before the war the men's wages were too low to enable them to pay union fees, but since the war a rapid development in trade unionism has taken place. The investigators found little evidence of unfriendly relations between employers and agricultural workers.

To Comply With the Wishes of Several People Dr. Frederick Blankner Extends His Visit Until Saturday, April 19th, Room No. 50, Arlington Hotel.

For the past three weeks Dr. Blankner surely has administered to a great many people who have made the Little Journey from all parts of Fayette County to meet him in a heart to heart talk concerning all kinds of complicated chronic diseases of the stomach, liver, bowels, heart, lungs and nerves as well as for rheumatism, chronic eczema, chronic nasal catarrh and all blood diseases. All those who have taken treatment will surely find life to be a real pleasure instead of one of continued misery. Hundreds of people all through this section will put in a miserable summer just for the want of proper treatment that could just as well enjoy health and happiness had they only known how.

Dr. Blankner wishes to thank all concerned for their kind consideration and the confidence they have imposed in him, knowing and feeling that he has made every effort to give everyone a square deal and after Dr. Blankner leaves here there is no doubt but many will wish they had taken advantage of this opportunity, which is still open to you until Saturday evening, April 19th, when on Sunday Dr. Blankner will go to Cambridge, Ohio, where many are waiting for his services. Dr. Blankner has been coming to Washington for the past four years and surely has established himself fully in the confidence of this community. He excels in his line of work and if there is anything on earth that a sick person desires it surely is efficiency.

In the matter of extracting teeth without pain and obtaining the very best results then indeed Dr. Blankner excels. Many people will ever have cause to remember Dr. Blankner as their benefactor and as many have said Dr. Blankner you seem to have a monopoly on this painless method of extracting teeth without pain and with such little effort you extract them so easily, gracefully, gently, skillfully and painlessly that all a person can do is to smile and say God Bless the Doctor. Mrs. Anna Engle, R. R. 10 was surely well pleased when she had 13 extracted. Mr. W. H. Wilson, R. R. No. 8, had 19 and his son had 12 to their entire satisfaction. Mr. Joe Geesling, Austin R. R. No. 2 had 13. Many more could be mentioned but this is enough. You have until Saturday evening, April 19th to enjoy this work if you wish to improve the opportunity. Enough said. Anyone wishing to write can address Dr. Frederick Blankner, No. 212 Edison Ave., Detroit, Mich., and receive a prompt reply.

ANYBODY HERE KNOW OF PRIOR

France is waiting to bestow her "Medaille Militaire"—the greatest of all French war decorations—upon Sergeant Prior, of the 332nd Infantry, who recently was discharged at Camp Sherman, if he can be found. The winning of the French military medal is an unusual distinction—but it is even more unusual to have one of these medals pursuing an American soldier around the United States.—Cincinnati Times-Star.

GOVERNMENT AID FOR COLUMBUS PIKE

Federal aid will go into the Colum-
bus pike improvement, it is announ-
ced authoritatively, but the extent of
the federal assistance is not yet
known. Incidentally it is also an-
nounced that the improvement will
probably not be completed until next
year some time, and it may not be
started until late this summer—if
then.

A government agent recently

checked the number of vehicles using
the road in a given period, but as the
road is notoriously bad and is shun-
ned whenever possible, the amount of
traffic was not at all heavy, the bulk
of it going by other routes, and as a
result the showing was not so good
as it would have been had there been
no other route.

Nothing new has been heard from
the state highway commission as to
the revised specifications and other
preliminary steps necessary before
the contract for the road can be let.

(By Associated Press)
 Columbus, O., April 16.—The Ohio senate yesterday defeated the emergency clause to the Crabbe-Miller prohibition enforcement bill, as the lower house did a month ago.

The measure itself, however, was passed, as it was also in the house. It goes to the governor, who is expected to sign it.

The senate last night passed, after defeating the emergency clause, the Miller bill, providing enforcement machinery, including a state prohibition commissioner and 16 deputies. The attorney general, instead of the governor, is to appoint the commissioner. The measure next goes to the house for concurrence.

Representative Crabbe introduced for the Anti-Saloon League last night two measures, with emergency clauses attached, designed to make present regulatory laws conform to the new prohibition amendment.

One of the new bills amends laws against unlawful sale of liquor so as to include manufacture as well as sale. Also, it makes violation of the prohibition provisions of the constitution punishable by the same penalties as violation of present statutes restricting the liquor traffic.

The other extends the search and seizure provisions of the local option prohibition laws so as to apply to

state-wide prohibition, but protects private homes against search.

The two measures were referred to the house temperance committee and are slated for passage this week in both houses.

Drys hope to get the necessary two-thirds vote to declare them emergencies, effective at once. Wets indicated they will oppose the emergency features.

Wets have announced they will initiate the referendum on the Miller Crabbe enforcement measure, so that it will be up to the state for approval or repeal at the November election.

The vote on the emergency clause to the enforcement measure in the senate was 18 to 14, four short of enough to adopt. The bill without the clause passed, 24 to 8.

BLOOMINGBURG TO HAVE CHAUTAUQUA

Bloomington is to have another good Chautauqua this summer, this being assured by a meeting of the men back of the organization and election of officers Tuesday.

Mayor O. W. Creath was chosen president, Chas. Larrimer, vice-president, W. F. Jefferson, secretary and W. Q. Kinkead, treasurer. Raymond Scott was made chairman of the ticket committee, M. S. Haines chairman of the advertising committee and M. L. Dickey, chairman of the grounds committee.

The chautauqua will be held June 26th to June 30th, inclusive, and one of the main attractions will be Bland's Band and Orchestra—a musical organization which the management at Bloomington has been after for the past two or three years.

It is announced that the line of attractions booked for the season is better than ever before, and a large number of persons will look forward with interest to the coming event in June.

PANAMA CHAMP. MEETS MATSUDA

(Special to The Herald)
 Columbus, Ohio, April 16.—Matty Matsuda gained a popular decision over the champion of Panama, Weltz here last night, when Weltz failed to defeat Matsuda in one fall in fifteen minutes. He failed to throw Matsuda.

Although Weltz weighed 180 pounds and Matsuda 138, it is believed that Matsuda would have pinned the Panama champion to the mat had the contest continued a few minutes longer.

TRAFFIC TIED UP BY B. & O. WRECK

As result of a journal burning out on a freight car, two or three cars of pipe left the rails and piled up on the B. & O. this side of Sabina Tuesday afternoon, and it was not until the "big hook" arrived and worked for some time that the road was opened to traffic.

As a result it was necessary to detain several of the passenger trains and hold up freight trains several hours.

The mishap occurred to a local freight, west bound. No one was injured.
